AMERICAN PATRIOTS DISCHARGED - U.S. GENERALS FIRED-GOVERNMENT LEADERS REFUSE TO TALK-WHAT IS THIS POWER?

General Douglas MacArthur

Clarence Manion, recent victim of the Invisible Government clears his desk in Washington. See Photos on pages 3 and 4.

When General MacArthur was fired everyone was puzzled as to where the order came from. It was understood that Truman signed the order in the early hours of the morning while drinking. It is known that Gen. George Marshall and Dean Acheson were important factors in this disgraceful act but like Truman were only stooges of the Invisible Government, taking orders which were given them by Davis Niles, close associate of Harry Dexter White. These two, like thousands of other Marxist Jews placed in key spots by the Invisible Government to watch and guide gullible non-Jews in the plot to abolish the United States and establish World Government.

Now comes another disgraceful act under another administration, but both ruled by the Invisible Government. Both Democrat and Republican parties have been taken over. Eisenhower is as much a Democrat as he is a Republican. He is neither. He is a One Worlder, captured and directed by the ruthless Invisible Government. Clarence Manion, former Dean of Notre Dame University was fired as Chairman of the Commission on Intergovernmental Relations because he supported the Bricker Amendment. Again, as in the firing of General MacArthur, everyone wants to know who was responsible. No one is talking—it is a mystery.

Sherman Adams, Assistant to the President, was the front man. Behind him was President Eisenhower, but the man who relayed the order from the Invisible Government was the Marxist Jew, Maxwell Rabb of Boston. And as David Niles under F. D. R. and Truman was placed in the White House to watch every move, Maxwell Rabb was placed there just as Kuhn Loeb Co. place one of their men on the Board of Directors of the many corporations they control. Who are the important men in the Invisible Government? No gentile knows but unquestionably Felix Frankfurter, Bernard Baruch, Edward M. M. Warburg and Sen. Herbert Lehman are at the top.

DOES BUDENZ KNOW THE FACTS?

TO : Louis Francis Budenz
SUBJECT : Questions regarding the Marxist Movement in America
FROM : R. P. Hughes
Dear Mr. Budenz:

With deep respect and sincerity, I am writing this letter as a direct appeal to you. As the Communist and "One-World" program is increasing in vigor and ugliness, it is imperative that all men who call themselves Christian, awaken from their deplorable and apathetic state of mind and fight this anti-Christ doctrine with every weapon at his disposal. Mainly — prayer and militant Christian

ILLINOIS PAPER GIVES CORRECT VERSION OF OXNAM HEARING

When Bishop G. Bromley Oxnam appeared before the House Committee on un-American Activities some time ago with a lot of fanfare and bringing along his own cheering squad, the incident was distorted in practically all press reports of the affair.

An exception is an editorial appearing in the Peoria, Illinois, Star, which gives these plain, unvarnished facts in the matter:

"The hearing of Methodist Bishop G. Bromley Oxnam before the House Committee on un-American Activities rated a front page spot in most American newspapers and therefore may be considered important news. As such, it is important that it be conveyed honestly and intelligently to newspaper readers.

"But apparently reporters for both United Press and Associated Press fell short of the qualifications necessary to tell the story straight. Whether they neglected to get all the facts or preferred to "slant" the story, we don't know. But we do know that the Oxnam affair has been as badly distorted in the news as was the Robeson affair in Peoria six years ago.

"One AP story stated: 'Methodist Bishop G. Bromley Oxnam won a concession from the House un-American Activities Committee Wednesday. The committee declared that it had no record of any Communist Party membership or affiliation by the Bishop'.

"Another AP story led off with this paragraph: 'The House Committee on un-American Activities voted Bishop G. Bromley Oxnam a clean bill of health early today so far

Jewish Leaders Are Crazy For Power

(Copyright 1950 by Henry H. Klein)

They aim at world rulership. For this reason they started the Zionist movement and used it as a political weapon to conquer Palestine. The protocol says the world of the law will go forth from Palestine. One of the steps toward world rulership, was to obtain possession of the chemical wealth in the Dead Sea. This was accomplished through Chaim Weizmann and Lord Melchett, heads of the British chemical trust.

Most Jews have been in the dark as to the real purpose of Zionism. Some Jews thought its purpose was beneficent. Intelligent Jews have awakened to the fact that its purpose was political and they have begun to realize that Jews as well as Christians financed Hitler. They knew that Hitler was driving Jews out of Europe. Did they want Jews driven to Palestine to protect the chemical and oil concessions there? One of the Jewish leaders in Israel recently declared that he wanted two million people in Israel. He didn't talk of refugees; he talked of population. Two million persons could provide an army of more than half a million.

Jewish leaders want world power; nothing less will do. They have many Jews believing that they are the "chosen" people. Jews were chosen for destruction after their leaders caused Jesus to be executed. All Jews have suffered since. A large part of the so called persecution is artificially created to keep Jews scared and to stimulate cash contributions. Hundreds of millions of dollars have been extracted from them in the past 25 years.

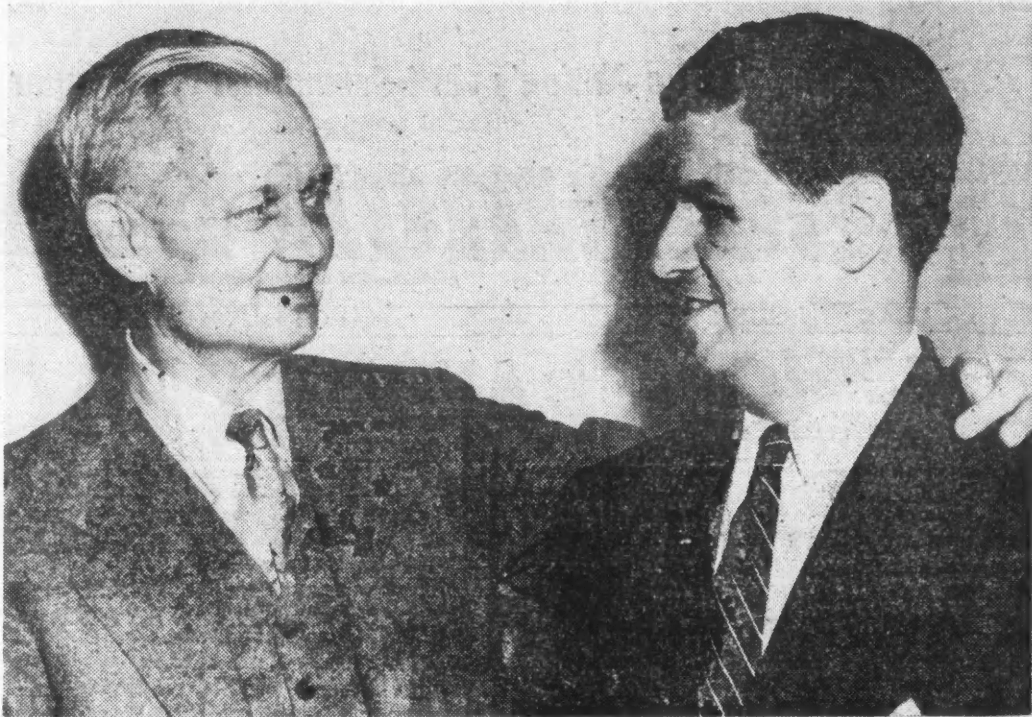

What will be the windup. Jews occupy part of Palestine and part of the city of Jerusalem. Judaism is being spread in every direction while Christians, Moslems, Buddhists and other religionists look on. How much further will Judaism be permitted to advance before resentment sets in? This always followed previous attempts at Jewish leadership. All that the Jew really wants is to be permitted to live in peace, but their leaders won't let them.

Jews have been exploited by their leaders since Moses's time. So-called leading rabbis have misled them. Jewish financiers have absorbed their substance. Labor leaders have misused them; racketeers have robbed them. They should be helped to escape from their mad leaders.

POISON IN YOUR WATER

Above you see an actual photograph of a man placing fluorine in the water supply of some unsuspecting community. Fluorine is such a deadly poison that it would be fatal to come in contact with it. There is a plan to put it in your drinking water if it is not already there. Are you aware of this? If not, you had better investigate and do something about it immediately.

Maxwell Rabb (Right), present White House member of the Invisible Government of the Republican Administration compliments Sherman Adams, the Assistant President, for the fine work done for the Invisible Government.

PUSSYFOOTING WITH ISRAEL

By RICHARD PATTEE
 Republished from "The Florida Catholic"
 November 20, 1953.

I suppose there is no real possibility in our country today to say anything about Israel—unless it is gushingly complimentary—and get a hearing. In all probability, the slightest word of mental reservation about Israel and its mission in the world will bring down the charge of anti-Semitism on the writer and he will be permanently chalked up as a partisan of gas chambers, Nazi horror chambers and a return to the ghetto.

Public reaction to the recent slaughter of fifty Arabs by the Israeli Army is a melancholy commentary on the bias, prejudice and total unrealism with which public opinion views these matters. The only expression of shock that we hear is from prominent citizens of every variety who are screaming bloody murder because the American government with extreme good sense suspends economic aid to a nation that does not live up to its commitments and provokes an act of extraordinary violence.

New York Politics

It was to be expected that a New York mayoral candidate and Franklin Roosevelt, Jr. would lead the chorus of denunciation of State Department action. But rare indeed is the slightest hint that even a minority is courageous enough to speak out against this incredible coddling and favoritism for Israel.

And to top it all off, dark hints appear in the press now that the Arabs have enormous sums of money to spend for propaganda and something should be done to stop this at once. Were the whole thing not tragic in its implications, it would be laughable. If money in vast, mountainous sums has been spent to sell a cause, it has definitely not been on the Arab side. Or, if the Arab states have devoted a substantial part of their budgets to propaganda abroad, they have certainly gotten precious little for their effort.

There have been encouraging signs that the present administration has begun to take a more realistic view of the Israeli-Arab controversy and to recognize that Israel is not, ipso facto and by definition, always right no matter what happens. The Arabs are not, by the same logic, always wrong—even when their people are killed in attacks on village communities by Israeli.

I have always wondered what waves of outrage and denunciation would have gone up over the world if, by chance, it had been an Arab—no matter how irresponsible—who assassinated Count Bernadotte. We would quite definitely not have heard the last of that for the next dozen generations.

Irish Parallel

Is there something intrinsically good and moral and sound in every thing that Israel does, as though it belonged to a species apart from the ordinary human race? I am not arguing in the least that this all-out policy of aid and support of Israel is obviously losing us the entire Arab world and probably the whole Islamic one. I am simply raising a proper question as to the inherent character of Israel, the state, that places it outside the framework of ordinary conduct.

In previous articles, I have tried to suggest what disastrous effects a policy based on total

favoritism for a single European country would produce in the relations with all of them. Suppose the Catholics, many of them with Irish blood, undertook to make Ireland the darling of special American solicitude and the recipient of vast handouts from this country. Suppose they treated Ireland as though it belonged to the category of angels and not of men, and poured in on it every conceivable form of assistance. Suppose the highest officials of our land went up and down the country selling Irish bonds. I can well imagine the howl of rage that would go up from all sectors of opinion against discrimination and special favors, not to mention aid to a people of a particular religious persuasion.

There is no need to criticize just and proper assistance to a nation like Israel that needs outside assistance to get under way. But Israel itself is certainly not going to benefit from the blatant, blind and unreasoning devotion to its interests of so many people, most of whom have no stake in Israel anyway. It is a unique situation in American diplomatic history, one for which there is certainly no historical precedent.

ILLINOIS PAPER GIVES CORRECT VERSION

(Continued from Page 1)

as any record of Communist Party affiliation is concerned. "A United Press story started: 'The House un-American Activities Committee today cleared Methodist Bishop G. Bromley Oxnam of Communist ties . . .'

"Newspapermen who wrote headlines naturally composed heads that corresponded with the lead paragraphs of these stories and we saw in large type such lines as: 'Bishop Oxnam cleared of Red Party membership charge. Oxnam cleared of Party ties. No evidence is found of Oxnam-Red linkup.'

"We submit to the thoughtful consideration of any open-minded person this belief: that most readers would get the impression from those stories and headlines that the House Committee on un-American Activities had accused Bishop Oxnam of having been a member of the Communist Party, but, on being challenged by him, had repudiated the charges and admitted that there was no evidence of party membership.

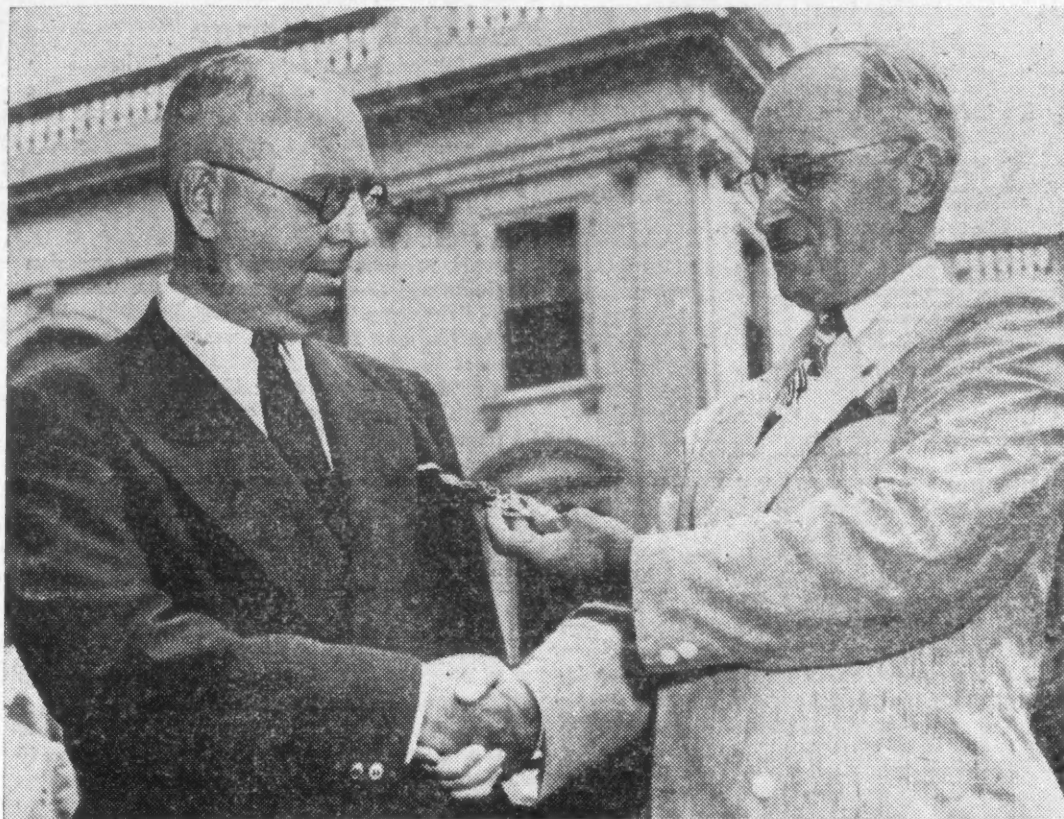

"People who reached that conclusion were grossly deceived because, in the words of one committee member, Representative Jackson of California, 'No accusation of Communist party membership had ever been leveled against him (Oxnam) by any member of the committee or its staff'.

"The story that Bishop Oxnam had been cleared of party membership charges was not only a false statement, but it served to obscure the more important fact that he had been accused of membership in Communist front organizations but denied that he knew the character and purpose of the front groups when he joined.

"The significance of Bishop Oxnam's appearance before the committee is not in the committee's statement that there was no evidence of party membership. The real story is summed up in these words by Democratic Representative Walter of Pennsylvania, ranking minority member of the committee: 'I think we demonstrated very clearly that the Communists are using well-known and highly-placed people, willing or otherwise, as dupes and that the bigger the name, the better for their cause. I place Bishop Oxnam in that category.'

"Many persons will have missed that important point. Why? Because they read news stories that were pernicious half-truths."

RED HIGHLIGHTS

One who understands the subtle, "highly respectable," "intelligent" propaganda system of the Marxist radio programs cannot overlook the Hallmark Playhouse with its Sunday night performance over WCBS at 9 P. M. One night it was the cruel son of a starving Catholic mother whose name was Kelly, who beat his mother, kicked his crippled brother, let his wife, whom he was forced to marry, and their baby starve to death. He was living with a prostitute and hated everything decent. As all this was going on poor Mrs. Kelly was calling on Almighty God, the Blessed Mother, and the Saints. Another Sunday night it was Bernard Baruch, the "great statesman" who rattled through a part, talking of his life, that he abhorred Communism and verbally castigated the Ambassador of Russia for not knowing what the great ideals of "we" Americans stood for. Apparently Baruch knows that the American people are catching on to his hypocritical position as the great benefactor of humanity. The following Sunday it was the life of Edith Cartrell, the nurse who attended to the sick and wounded during World War I. Any other program would have given the life of Edith Cartrell without slopping it all up with German beasts, butcher-birds, etc. But not the Hallmark Playhouse, it had to pick the life of Miss Cartrell and then push her in the background with hate for the German people. It was obvious that there had to be "Jew" brains behind the Hallmark Playhouse, and what do you think we came up with in our first inquiry? The Executive Producer of this program is none other than Raymond Katz, "Jew." And where one finds a snake there is usually a nest of them somewhere in the thicket.

The legal battle against Rabbi Prinz and the American Jewish Congress is in full swing. Just recently Mr. McGinley filed a counter claim against the Rabbi for libel and it looks like there is going to be a long, hard fight ahead. This suit is part of the eight year effort by the American Jewish Congress to destroy Common Sense. The expense in this connection is high. With the loyal support of our friends, we plan on winning in a way that will help the cause of freedom in the United States. Any financial help at this time will be appreciated.

Pres. Eisenhower addressed the National Association for the Advancement of Colored People recently. Although this organization has not as yet been cited by the Un-American Activities Committee, its name shows up so often throughout the Congressional Record that one wonders why it has not been cited. What kind of a President do we have anyway? Some weeks ago he addressed the Anti-Defamation League of the B'nai B'rith, the largest and strongest Gestapo in the world. In a statement describing the principles which will guide Congress in the coming session Eisenhower said, (See Human Events Dec. 23, 1953) "Present a domestic program that will give our people a guarantee that they can depend on the Administration to protect the security, the welfare and the economic stability of each individual citizen." It can't happen here they say. May Almighty God open our eyes before it is too late, for it is happening here . . .

LINDBERGH'S GREATEST DISCOVERY

EXTENSION OF REMARKS
OF
HON. LAWRENCE H. SMITH
OF WISCONSIN
IN THE HOUSE OF REPRESENTATIVES
Monday, January 11, 1954

Mr. SMITH of Wisconsin. Mr. Speaker, under leave to extend my remarks, I am including an article by Charles A. Lindbergh entitled "My Greatest Discovery." It is very pertinent at this time, it seems to me.

The article follows:

MY GREATEST DISCOVERY
(By Charles A. Lindbergh)

To me in youth, science was more important than either man or God. I worshiped science. I am awed by its knowledge. Its advances had surpassed man's wildest dreams. In its learning seemed to lie the key to all mysteries of life.

It took many years for me to discover that science, with all its brilliance, lights only a middle chapter of creation. I saw the science I worshiped, and the aircraft I loved, destroying the civilization I expected them to serve, and which I thought as permanent as earth itself.

Now I realize that to survive, one must look beyond the speed and power of aircraft—beyond the material strength of science. And, though God cannot be seen as tangibly as I had demanded as a child, His presence can be sensed in every sight and act and incident. Now I know that when man loses this sense, he misses the true quality of life—the beauty of earth, its seasons, and its skies; the brotherhood of men; the joy of wife and children. He loses the infinite strength without which no people can survive—the element which war cannot defeat or peace corrupt.

Now I understand that spiritual truth is more essential to a nation than the mortar in its cities' walls. For when the actions of a people are unguided by these truths, it is only a matter of time before the walls themselves collapse.

The most urgent mission of our time is to understand these truths, and to apply them to our way of modern life. We must draw strength from the almost forgotten virtues of simplicity, humility, contemplation, prayer. It requires a dedication beyond science, beyond self—but the rewards are great and it is our only hope.

WARNING ALL PARENTS!

The following item appeared in our morning paper of February 14th: "U. N. CLASSES URGED. Atlantic City, N. J. The National School Boards Association went on record yesterday favoring teaching U. S. public school children about the United Nations and its 'principles and objectives.'"

"It recommended that 'at appropriate maturity and grade levels, adequate instruction be given about the United Nations . . . as a part of the instruction in civics, U. S. history, and related subjects.'"

"Taylor T. Hicks, member of the Prescott, Arizona, senior high school board, was one of the four directors elected. New NSBA president is Jesse G. Stratton of Clinton, Okla."

* * * *

Hardly one danger is under control when another springs up. The above item means that poisonous propaganda will be poured into the ears of our children concerning the United Nations, which informed and thinking persons know to be the greatest hoax ever put over on any people in all history. The idea of the NSBA is undoubtedly to prepare the mind of our young people for WORLD GOVERNMENT. The sewing of evil seed in fertile ground.

We, who love America and want to continue as a free people must now work the harder to counteract the effect of these lies and bring out the truth concerning the United Nations. That it is a gigantic plot to destroy America and hand the world over to Communism with Jewish Dictatorship.

The objective of the U. N. is One World Government, which would mean the end of America. The U. N. was formed by Communists Leo Pasvol-sky, Harry Dexter White, and promoted by Alger Hiss. It is ridiculous to think such an unGodly organization would protect this nation against Soviet Union or benefit us in any way. The United Nations is treason; those who work to promote such a project are traitors, innocently, perhaps because they are not informed as to the true purpose of the U. N. but traitors nevertheless.

The United Nations means death to the United States. Our forefathers paid too dear a price for our liberty for us to surrender it to One World Government, and become slaves of a cruel dictator.

Parents, in the name of God, who created us FREE, stop this poison from being poured into the minds of your children.

A GHOST WALKS IN GERMANY

Republished from Jacksonville Chronicle

Harry Dexter White died in August, 1948. Worried Americans are just beginning to realize that his pro-Soviet leanings still influence American foreign policy.

While an outraged Congress condemns those who promoted White to important Treasury posts, the United States government nevertheless continues to follow a policy laid down in 1945 by White and his group — such men as V. Frank Coe and Harold Glasser, who have been named as Soviet agents by Elizabeth Bentley.

In the light of what we now know about Harry White, it seems criminal folly not to re-examine this policy very carefully indeed.

Here are the facts. In 1945, under the urgings of White, Coe, Glasser and Co., the United States made a remarkable decision. Enemy-owned property which had been seized was not to be returned to its former owners at the war's end. This decision directly reversed the U. S. policy following World War I, and ran contrary to every principle of international law and tradition.

In 1947, Italian nationals' property was returned, but to this very day we have not returned the property of German nationals — nor, it appears, do we intend to do so.

This behavior seems inexplicable when we consider that the West German nation has become one of our most valuable allies in Continental Europe. Yet, while we pour billions of dollars into the German economy, we are treating their nations more shabbily than we have treated any former enemy.

The reason for this seeming paradox may be clearer if we think back to the so-called Morgenthau Plan, now revealed to have been the brain-child of White and his friends. The purpose of this plan, fortunately never adopted in whole, was to reduce Germany to the weakest country in Europe, a course which would have played directly into Soviet hands. One provision, however, which was adopted, called for confiscating all German assets abroad, and that is the essence of our Alien Property policy today.

It appears that the ghost of Harry Dexter White still hovers over West German recovery. The Administration has a clear-cut duty to re-draft this inequitable law, in justice to a country struggling to rebuild itself as our ally.

UNESCO ALL BAD

By CUTHBERT RITTENHOUSE

UNESCO, which like all Communist, Socialist New Deal lingo, are the first letters of an abominable organization of the equally abominable United Nations.

This UNESCO floods the elementary, high schools and colleges like the dew. Everywhere you turn there is a book, pamphlet or speaker from UNESCO. One of the writers for it is Bertrand Russell. The renegade. He deplores the teaching of history so as to "serve to keep alive a bigoted nationalism," which to him and his tribe—may they decrease—means anything which glorifies the great events and great men of any nation. All national anthems are taboo. Everything must glorify a great Socialist one world with barn yard morals. This was the Russell, remember him now, who advocated young men and women in college living sexually without benefit of clergy. He was once about to be a professor in New York University when Justice McGeehan said he was to head a chair of indecency.

The only thing is for us to get the U. N. out of the United States and get the United States out of the U. N. Everything about it is bad. It's a pest hole of evil. It's a stewing center of treason.

The UNESCO is not only going to color and distort the present and the future, but do over all the things which happened in the past. They have been granted \$600,000 to do it. It is called the "History of Mankind." The men doing it are Julian Sorrell Huxley, Socialist to the core, Ralph E. Turner, leftie of Yale, A. L. Kroeber, leftie of University of California, and Bertrand Russell.

What is going to be the history of mankind when done by these men? It is the UNESCO history; it will have no appeal to bigoted nationalism. Free enterprise will be a monster. A world government, Socialist-Communist dictatorship will be the ideal. The UNESCO will place it in all the schools, unless you cut the throat of UNESCO immediately. Unless you get this thing out of the schools.

The people who founded the Republic of the United States, and guided its destiny for 150 years, just had a lot more sense than those of today. F. D. R. was a failure at law and a failure in business. He was a rich man's son. Truman was a failure in business and sold his soul to the most corrupt political machine in the U. S. He proved his loyalty to the Boss and went places by those who wished to use the government. Ike was without success, but grabbed up by Harry Hopkins and promoted over the heads of able but not toe kissing generals.

The day of ability has died in high office.

When the Republic was virile and growing under men like Chief Justice John Marshall, not to be confused with that General George Marshall of infamous memory.

Chief Justice John Marshall said "When our people are free from poverty and want and malnutrition, it will be time enough to permanently suckle the world at the expense of the American taxpayer." In the days of these men there was no public debt.

DOES BUDENZ KNOW

—(Continued from Page 1)—

action. The Godless ideologies of Communism, Liberalists, Socialists, Free-thinkers, Leftists, and "One-Worlders," must be exposed and destroyed. The welfare of our children rightly depends upon us. We, as Americans, should offer no compromise for evil. There can be no compromise for they who claim to be Catholic. Either we openly defend our most sacred convictions now, or forever remain silent as cowards.

You, Mr. Budenz, have found your faith once more. From your past experiences, it is quite obvious that you are informed of many explosive and important facts. May I urge you to give forth in full the energies of your present convictions by answering the following questions.

1. Who in America is the most influential person aiding the Communists? also — what organization?
2. Do you believe the United Nations will aid or infringe upon the Civil liberties of the Catholic Church?
3. Regarding the powerful International Banking Combine of the Schiff Loeb-Warburg — What aid have they given towards the Marxist program and the "One-World Government" ideology now attempting to be instituted before the world?
4. What contributions have the Ford Foundation, the Rockefeller Foundation, and the Rosenberg Foundation made toward the "Communist" and "One-World" program?
5. What organization in California contributed towards "The Communist Youth Movement"?
6. Who were the groups, or organizations, that instigated the UNESCO program? — in the United Nations — and also in California?
7. Supreme Court Justice Felix Frankfurter, along with Sidney Hillman and Louis Brandeis, were the chief promoters in influencing Roosevelt to "recognize" the government of Red-Russia — the question: What powerful influence prevents Congressional Committees from forcing Henry Morgenthau, Albert Einstein and Felix Frankfurter to testify?
8. Did Anna Rosenberg write for the "New Masses" in 1942? Was she a member of the Communist front "John Reed Club"?
9. The "Gosplan" in Soviet Union and the "New Deal" here in America were instituted around the same year — Who were the International financiers that aided and financed both programs?
10. Sam Karp, the brother-in-law of Molotov lives in Bridgeport, Connecticut — Has he ever been involved with the Marxists in America or Europe?
11. How many agents of the OGPU do you believe may be in the U. S. A.?
12. What subversive connections were there between Dean Acheson and Harold Glasser? (When Glasser was employed in the Treasury-Dept.)
13. Who in government positions aided Alger Hiss in his traitorous acts?
14. What International Banking Combine is in control of the treasury of the Soviet Union — also of the Federal Reserve Board in the U. S. A.?
15. Of the 175 leaders of Russia and her satellites, 170 of these "happen" to be non-Gentile. Of the card-carrying Communist in the U. S. A., over 70% "happen" to be non-Gentile. In the United Nations, of the 1800 executives, over 1500 "happen" to be non-Gentile. In the bloody revolution of 1917 — when its leaders were tabulated in 1920 — of the important 600 — there were 543 non-Gentile. The non-Gentile has butchered over 40,000 priests since 1917. The non-Gentile International Bankers have consistently financed this program. The question: How in the name of our Catholic faith, can we constantly ignore such important and proven facts?
16. The Church has two distinct enemies — The Communist and the Zionist plan for "one centralized government." Both of these diabolic schemes are aimed at the destruction of the Catholic Church and the entire Christian World. Both are backed by the International Bankers. May I state here, that in no manner does this imply that all non-Gentiles are involved in this program conceived by Satan, but nevertheless, this plot is an established fact and can be proven as such. The question: How can one expose this menace without being called Anti-Semitic?
17. When the Potsdam and Yalta agreements were instituted, this traitorous act enabled the Soviet Union to move across Europe, which in turn put over 80 million Catholics under the heel of the anti-Christ. It further placed all church property, investments, and assets into the treasury of the Communist-Internationalists. What wars could not accomplish, the Yalta and Potsdam society did. They have burned our churches, slaughtered our priests, robbed the assets from the church—the question: When do we commence defending our Faith???
18. The American Jewish Committee and the Anti-Defamation League of B'nai B'rith have many times openly aided the Communist and the Zionist "one-world" program — the question: How do you account for the fact that "The American Jewish Committee" has been able to institute their "educational ideologies" into the Catholic University of Washington, D. C. — which in turn has gone into over 135 parochial schools?

In closing may I state, I intend malice or false statements to no one. My convictions are clear and open. I, and thousands like myself have but one purpose. That objective being to openly defend our Beloved Church and Faith, regardless of the circumstances involved, and to declare further that under no condition will we remain silent while the Internationalists of the United Nations attempt to fly any flag but "Old Glory" gloriously and freely as it should be. Not since the Advent of Christ has the truth been so necessary as it is today. To our faithful priests we beg for leadership and guidance, to the Archbishops and Cardinals of the Church, we beg PLEASE remove the order of silence that has been imposed upon them.

Yours for a better Christian World, I remain,
ROBERT P. HUGHES

In the days of Roosevelt, Truman and Eisenhower we have spent all the accumulations in our history.

The Canadian Arab Friendship League

The following is a copy of a resolution of the Canadian Arab Friendship League sent to the President of United Nations General Assembly.

Mdm. Vijayalakshmi Pandit, President,
United Nations General Assembly,
New York, N. Y.

Dear Mdm. Pandit,

I wish to submit respectfully to your attention the following resolution passed by the Canadian Arab Friendship League on October 14th, 1953 at the Windsor Hotel, Montreal which reads as follows:

"For five long years the United Nations have dodged reality and allowed an unanimous decision on the resettlement of the Palestine Arab refugees of December 11th, 1948 to be conveniently forgotten and buried under diplomatic intrigues, which so far has resulted only in lessening the confidence of peoples in the mission of the U.N.

The Canadian Arab Friendship League finds this an opportune time to suggest that in order to restore faith in the world organization by the millions of Asiatics and Africans, an immediate end to oppression and exploitation of all colonial peoples must be made and above all, the Palestine Arab refugees must be allowed to return to their rightful homes.

We believe it advisable that the U.N. Assembly should delegate power to such governments as India, Pakistan, Sweden, Turkey and Greece to enforce the U.N. decision, if necessary by arms or punitive measures against the so-called state of Israel, the all criminal author of indescribable misery to nearly a million innocent human beings.

It is our opinion that the irresolute action of the U.N. on the Palestine problem has only contributed to strengthen other aggressors in their belief that international crimes can be a profitable business, because the U.N. either does not want or has not got the courage to fulfil a mission entrusted to you by all freedom-loving people.

We believe, that if the U.N. are to fulfil their historic mission, world diplomacy should be directed by moral principles of justice to big and small nations alike and not by political expediences resulting from cheap intrigues.

We know that the U.N. have not been true to the conscience of truth and justice in the past, but we have not yet lost faith that past errors can be corrected under new leadership. We believe, Dear Mdm. President that you will not allow the law of the jungle to prevail in the Holy Land, from where once Divine hope of a better world dawned on nations."

Hoping that this resolution, voicing the sentiments of thousands of Canadian citizens advocating justice to helpless Palestine Arabs will receive your attention and will result in appropriate action.

Respectfully yours,
M. S. Massoud, President,

So take off your coat and go to work. MORE distribution and MORE subscriptions in your community may be the "straw that breaks the camel's back". YOU owe this cooperation to YOURSELF and to YOUR CHILDREN. They did not ask to come into this world. You brought them into it. It is your DUTY TO THEM to do your best to keep the world a fit place to live in. But enough Americans are not yet aware of the conspiracy or the conspirators. Until and unless EVERY American knows the "score" this nation is in grave danger of defeat and destruction by the enemy.
